The All Bodo Students Union (ABSU) [demands](#) magisterial inquiry into anomalies and corrupted administration of Kokrajhar RNB civil hospital which has become death trap for poor patients.

Premjit [Narzary](#), president and Nion Mushahary, general secretary of Kokrajhar district unit of ABSU in an issued statement condemned the corrupted administration of the hospital which has become death trap for poor patients. Information revealed that the hospital has acquired many latest types of equipment for advanced treatment like Ultra Sonography, ECG, [X-ray](#) machine, Laparoscopy machine etc. But all these equipments are not being used, most of the time the Doctors directly ask the attendant to take the patients to the private laboratory for [blood](#) test, [X-ray](#) and other diagnosis, so the poor patients have to depend on the private Laboratories spending a lot of money.

'[As](#) per the opinion of public the patients gets only bed in the hospital and they need purchase all the medicines from outside pharmacies, the hospital authority provides only a kind of saline after bed and all medicines are to be brought from outside', [leaders](#) said.

‘No free treatment is seen in Kokrajhar RNB Civil Government Hospital, the Hospital might have been selling government supply free [medicine](#) [as](#) all patients are forced to buy all the [medicine](#) and surgical equipment from outside pharmacies’,the students union [leaders](#) added.

The [student](#) union [leaders](#) makes a strong demand to the Deputy Commissioner Kokrajhar, the BTC and State Government to take necessary steps for magisterial inquiry to redress the unwanted anomalies immediately.
