There is rare dose of good news for the AIDS patients on the planet. Courtesy Dr Dhaniram Baruah. After many years of intense research, the genetic engineer claimed to have cured the dreaded disease. That too with only five injections.

Dr Baruah on Wednesday paraded before the media Vijender Singh, who revealed that he is out of [danger](#). The middle aged man from Haryana claimed recovery after he was attended by the controversial genetic engineer.

Dr. Baruah further got released two volume of his epoch making books on AIDS Reaching the Unreachable with Baruah Combat Genes” by Vijender

Vijendra Singh told reporters that some seven years back he had come to know about Dr. Baruah and approached him for treatment. “ Only after five injections I managed to bail out of the jaws of death,” he said. Dr Baruah said that now the auto driver tested negative.

Earlier Dr. Baruah claimed to have cured [cancer](#). He is firm that once this disease is killed it cannot come up again even if the patient or victim gets expose to another HIV-AIDS positive people.
