Assam is reeling under severe cold wave along with other north eastern states even as weathermen predict more chill in the entire state. Guwahati on Saturday witnessed further dip in temperatures which is expected to last for the next couple of days. Guwahati alone recorded maximum temperature of 17.4 degree Celsius and a minimum temperature of 9.8 degree Celsius. Regional Meteorology Centre predicts more chill during the next few hours. Dense fogs have disrupted normal movement of traffic in Guwahati streets. The northeast frontier railway has also rescheduled a number of trains because of the fogfall.
