Buffy is a feminine hygiene pad which provides “happiness with freshness to each class and stage of women.

Buffy’s aim is to improve women’s lives through holistic feminine care.

Sumita Priya is the founder of Buffy and has a vision to see a world where women feel comfortable and confident during periods. She has designed and developed it in such a way that every woman can use it without any tension and worries. As the brand suggests, it can be used with feelings “Happiness in Freshness”.

When it comes to cost, Buffy is cost effective compared to other brands , so that every female user can afford it.

“The reason behind distributing Buffy is that women who could not use or buy sanitary napkins till now can afford it and use it instead of cloth . As we all know cloth is dangerous in periods, it’s unhygienic and causes many illness “ she further adds.

Founder Sumita Priya urged everyone to use Buffy and share feedback.

She is excited to introduce Buffy in Nagaland and shares “Buffy is coming to Nagaland and I am confident that you all will like it. I can assure you on its quality which is the best and affordable. Buffy has various Variants in different sizes, packets and costs. Our first priority is “TRUST THE quality”
