An appalling situation came to light following patient Gajendra Das's emergency admission into the Intensive Care Unit (ICU) of the much spoken about Fakhruddin Ali Ahmed Medical [College \(FAAMC\)](#) in [Barpeta](#) town Friday evening.

The appointed ward boy and the sweeper for the [FAAMC](#) ICU were surprisingly [missing](#). Das and his attendants had to bear the brunt of the condition inasmuch that his attendants had to do the necessary which otherwise is the duty of the concerned employees of [FAAMC](#).

Though the superintendent of [FAAMC](#) was informed about the matter, no effective steps were taken.

The Intensive Care Unit is an important department of a hospital where patients requiring critical care are kept under keen observation and treatment. The unlikely happened in the case of Das. [FAAMC](#) administrators failed to manage their employees and own responsibility for the same.

Das had to be shifted to a private hospital in [Guwahati](#) city to continue with his treatment. His attendants expressed indignation and said that [Himanta Biswa Sarma](#) the Minister of Education and [Health](#), Government of [Assam](#) needs to know of the improper functioning of [FAAMC](#) and the plight of patients requiring immediate attention and care.

Fakhruddin Ali Ahmed Medical [College](#) and Hospital is the newest [addition](#) to the emerging medical education scenario in [Assam](#). It is the fifth medical college in [Assam](#) built with the aim to specially cater to the needs of people of West [Assam](#).
