A devastating fire that broke out in the wee hours on Monday left a city factory completely gutted. The incident took place in the Udalbakra area in at an acid factory but the reason of the fire has yet to be ascertained. Minutes after the fire broke out, fire tenders have been rushed to the spot and it took nearly three hours for the fire tenders to bring the situation under control. When asked, the management officials of the factory refused to speak to reporters when the fire that have engulfed the entire factory. One person has been left with minor injury.
