Indian Chamber of Commerce is organizing the NE MSME Summit 2011 on September 23 at Guwahati in association with Bombay Stock Exchange. This summit would be a unique event having a multi level approach to assist small businesses in NE Region to understand the latest trends in the business environment, marketing their products and services, act as a platform to bring consultancy organizations, training institutes and agencies to transact business with small enterprises.

The event will include a one day conference where eminent speakers from government departments, large corporate houses will address the delegates and share their “project details and requirements” and also address on key issues and available opportunities. This will help the potential supplier understand the potential vendor’s stringent requirements of cost, quality, speed and delivery.
