The hydro functioning technology of the Oil and Natural Gas Corporation has been behind the pollution at Galekey which causes more concern among the people of the area: The people in the area have blamed it all on the oil giant for pollution in different oil field areas since last several years. Recently in January, the ONGC causes huge pollution in Galekey Modinagar Tea Estate. The new Hydro functioning Job Technology has been causing chemical mix water leakage incident from the earth and cracked down the floor of the Galekey M.V. School and residence of a few citizens, it also create soil-air and water pollution there.
