Pune police are running a massive drive to find out the miscreants behind spreading MMS clip and text SMS on the recent BTAD and Dhubri incidents. At least 10 students from north east have been beaten up in a string of incidents in the last three days in Kondhwa and Pune Camp areas of the city. Eleven others have been arrested in two of these cases so far for doctoring MMS clips and text messages on recent ethnic riots in BTAD areas and Dhubri district.

According to reports, hunt is on to find out the masterminds of these attacks and ascertain how these videos were circulated. Investigations so far seem to indicate those involved in the attacks since August 8 had seen doctored videos on the rioting in Assam.
