Guwahati: More than half of the areas in the city of Guwahati have come under the rain waters wreaking no less havoc since Thursday. There is no let up in the situation following incessant rainfall during the last 24 hours.

Key areas in the gateway of the north eastern region such as Anil Nagar, Nabin Nagar, Beltola, Rukminigaon, Hatigaon, Wireless and B. Borooh Road have been submerged where streets---big and small have turned into flowing water channels disrupting normal lives.

Hundreds of vehicles have been stranded on the road as homes, offices, shops and markets have submerged in the rain waters. Assam State Disaster Management workers have been engaged to deal with the situation in many low-lying areas the water levels have risen above knee height.
