This is the photo of Hatikhali hospital, a sub-center of Langthing Hospital in Dima Hasao district. The hospital is posted with required numbers of doctors and Nurses and other staff. However, the hospital stand vacant all the time with no staff except the Choukidhar. The people of Hatikhali and nearby areas face difficulties of getting treatment. During the rainy season number of patients increases. This hospital is opened very few days in a week. Besides it has got no required medicines. People are facing a though time to get treatment from the private hospitals. This is all due to the negligence of the local political leader and the responsible Health Department of the the Dima Hasao district. The staff of the sub-center do not stay in their provided quarters. This hospital needs urgent attention from the concerned departments to provide all essential medicines and regular attendance of staff.
