As many as eleven people from Panikhaity area in the outskirts of the city have been admitted to the Guwahati Medical College following some complaints resembling to kala azar. But the medical authority have yet to confirm it saying kala azar could be confirmed only after the necessary test. But this has forced the authority to sound alert in view of these chronic and potentially fatal parasitic diseases. The GMCH authorities have said they have been conducting tests but the results have yet to come. The state health department is set to send instructions to all district administrations to deal with the situation firmly.
