5th All [India](#) Tibet Support Groups conference will be held on the occasion of the 80th birthday of Tibeti [leader](#) Dalai Lama and to discuss present critical situation inside Tibet at Guwahati on November [2-3](#).

Representatives from across [India](#) of various Tibet Support Groups organizations will take part in the event to deliberate, discuss and strategize on strengthening the Tibetan movement and Tibet Support Groups in [India](#) for the peaceful solution of the issue of Tibet.

The purpose of this conference is to highlight the dim, ever growing repressive implementation of Chinese policies and the worsening situation of human [rights](#) situation inside Tibet.

Not only this, Chinese excessive exploitation of Tibetan natural resources and environmental destruction has caused a serious threat to the ecology of world and particularly of Asia. To approve this, in 1960s there were only dozen of dam but now more than 22,000 hydro projects and dams have been constructed. Being Tibet [as](#) third pole of world, it provides water to 3.1 billion population of [India](#), China, [Bangladesh](#) and others. This means, around 46,000 glaciers which is extended [over](#) 1.5 lakh sq.meter and because of Chinese [policy](#) of destruction has now resulted in melting of more than 8740 glaciers and formed in lakes. Out of this, 204 lakes are in great [danger](#) of getting [burst](#) in any coming circumstances which may prove fatal to [India](#) more than any other countries. Every year, the issue of flooding arising from [Brahmaputra](#), here in Assam is nothing but the result of China's individualistic approach of gaining profit by harming other's benefits and resources.

Also, the conference will focus upon the intense security between [India](#) and China in keeping view of Tibet's vital existence. Despite [India](#)'s regard to bilateral relationship with China the latter has tried every effort to derail the virtues of this relationship with countless incursions in recent times.

Along with this, our effort would also to highlight the significance of Tibet's [History](#) and Culture with [India](#) while expressing gratitude towards His Holiness the 14th Dalai Lama for his vision, leadership and achievements in the field of Secular Ethics and Human Values, Inter-faith Dialogue and Harmony, Universal Responsibility, Peace of Mind and Happiness.

Dr.LobsangSangay, the Honorable Sikyong, democratically elected political head of Central Tibetan Administration will the Special Guest at the event along with many other dignitaries from Guwahati and outside.
