A ten years old wild tusker has been found [\(/taxonomy/term/1802\)](#) dead near Nonai tea garden inside [\(/taxonomy/term/114\)](#) Khalingduar Reserve Forest in Udalguri [\(/taxonomy/term/113\)](#) district on April 1. According to eye witnesses the tusker could have died yesterday because of poisoning. It needs to mention that most of the forest officials including Range Officer of Nonai Range office have been engaged in BTC election badly effecting forest activities in the sensitive India Bhutan border area.
